The *Girl Talk!* launch presentation will be delivered by 4 female members of Engineers Australia, ranging from a current Engineering student to an experienced Engineer. It is aimed at young women in their senior school years and highlights the rewarding career opportunities that exist for women in engineering:

- An insight into what engineering is
- Types of Engineering Disciplines
- Qualities and attributes of an Engineer
- Women in Engineering
- Benefits of being an Engineer

Following on from the key information listed above each presenter will speak individually outlining:

- Their own careers to date
- What type of work they do
- How they came to study Engineering
- Their experiences at University

Attendees are encouraged to join us for some food and drinks following the presentations.

Who should attend:

- Female high school students
- Teachers
- Parents
- Members of Engineers Australia
- Careers advisors

Please confirm your attendance using the online link below
