

# Online Grooming

Online grooming and sexual abuse is discussed in the following website which contains two good videos.

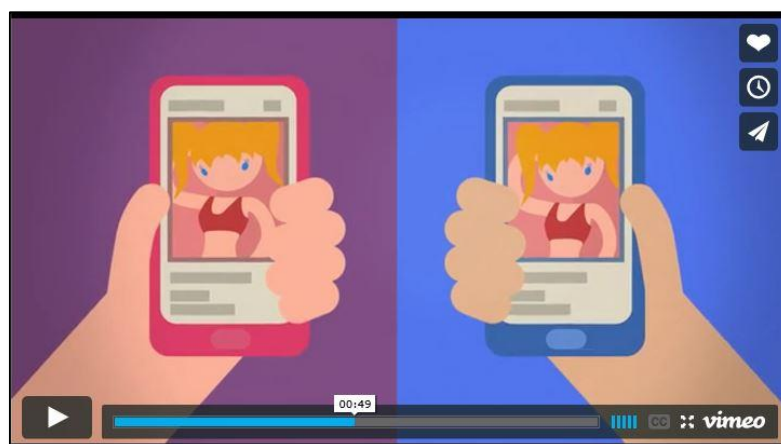

# Sexting

Sexting is the sending of provocative or sexual photos, messages or videos. They are generally sent using a mobile phone but can also include posting this type of material online.

While sharing suggestive images or text messages may seem like innocent flirting or be considered funny for young people, sexting can have serious social and legal consequences.

Click [here](#) for more information on sexting.

Watch this [video](#) on how to manage some of the most common parenting challenges in the online world including 'selfies' and sexting.
