Health Care Policy

Health Centre
The College Health Centre is located in the Main Administration building. A registered nurse is in attendance from 8am to 4pm daily.

The role of the College Nurse:
Registered Nurse with current registration with Nurses and Midwives Board of WA.

To provide health care and support to all students, staff and visitors to the College. The College nurse works independently, providing consultation, assessment, management and follow-up of injuries and illness. This includes psychological, emotional and social issues.

Promotes a Healthy School environment.

Provides Health Information.

The College nurse administers first aid within level of first aid training.

The College nurse is responsible for injuries and illnesses that occur during health centre hours only.

Fosters students to be responsible for their own health.

The College Nurse works under her Code of Professional Conduct to provide evidence-based nursing care and is accountable to the Nurses and Midwives Board of WA and the College Principal.
