

Mobile Technology Code of Conduct

The Mobile Technology Code of Conduct promotes the opportunity to make informed choices in the spirit of John XXIII, Mary Ward and Ignatius Loyola. Our College seeks to develop people of competence, conscience and compassion who are committed to God and to the service of others.

The Mobile Technology Code of Conduct aligns with John XXIII College ICT User Agreement and Discipline Policy. It aims to support a positive digital learning environment and uphold consistent attitudes and expectations across the College from Years K-12.
