

CONGRATULATIONS TO THE CLASS OF 2014

From the Principal

We announce the 2014 WACE academic results with great pride in the individual achievements of the young women and men of the graduating class of 2014, and in the teachers who nurtured their minds and hearts on their educational journey at John XXIII College. This year our focus has been on Competence, and our understanding that this virtue encompasses "readiness for life". Academic capacity plays a large part in this readiness, and the excellent results achieved by this cohort of students convey their readiness for their tertiary studies and life beyond school.

It is important to note that academic benchmarks are

highly personal and some of the greatest triumphs are not those that will catch the public eye. They are however the ones that will be most treasured and celebrated by the students, their families and teachers who know the obstacles that have had to be overcome throughout the year.

On behalf of the entire College Community I offer them our congratulations, best wishes and blessings for ongoing happiness and success in the years ahead.

Let us continue to hold the Class of 2014 in our prayers.

Mrs Anne Fry, Principal

Dux of the College

We extend our warmest congratulations to our Dux of the College Paul Stobie who has obtained an ATAR of **99.70**.

Paul has excelled academically at the College throughout his education consistently receiving the Outstanding Student of the Year. Paul was heavily involved in Student Leadership in 2014 serving the College as Faith & Justice Captain and was an exceptional athlete.

Proxime Accessit

Jacob Broderick is congratulated on this stellar academic achievement of an ATAR of **99.65**.

Jacob was named the College Proxime Accessit at the Presentation Evening and only the narrowest statistical measure has separated Jacob and Paul all year.

Jacob was involved in Student Leadership as the Campion House Captain, represented the College in multiple sports and completed the Pilgrimage program.

Median ATAR

League Tables

I have written this report earlier this year and before the League Tables are published. My comments therefore are equally applicable regardless of where we rank.

- All League Tables should be read with caution.
- Distortion in the League Tables this year may be more pronounced than ever this year because of the half-cohort of students.
- Some Colleges restrict eligibility of students to pursue an ATAR, therefore increasing the percentage of high scores in their total. John XXIII College allows a very comprehensive range of students to attempt an ATAR.
